You Men, Who Are Interested in Quality Clothes at Lower Prices

OUR POLICY: Cut the retail cost of clothes and depend upon increased Volume of

Business for Profit.

We've said a lot in the last couple of weeks about the way we have marked clothes way down this fall, depending upon increased volume of business for our profits. We launched the plan last year with a success which was surprising. Even more pleasing are the returns we have already enjoyed this-the new season.

at Vernon's to keep prices down to as low a level as possible.

"Every Inch a Clothing Store"

—this talk is for your special benefit

Men from every walk of life, interested in getting A-1 clothes at prices way below the other fellow, have daily come into our store to investigate our claims. They bought, and many of them went out and told their friends. With this sort of mouth-to-mouth publicity you can plainly see why we can afford to forget profits and

work for increased sales. If you have not already investigated the Vernon policy of better clothes at lower prices, do so immediately. You cannot save money any easier than by working with us
